Notice to Importers

As per the decision of the 24th Paro International Airport Covid-19 Taskforce (PIAC19TF) meeting held on 16/11/2021, all the importers who come to collect the goods must compulsorily use hand gloves and facemask in order to minimize the risk of exposure. Failing to abide by the Covid-19 safety SOP, the importer(s) will be denied their token from the counter until such time the importer arranges one.

Additionally, Druktrace app usage is also mandatory for easy tracing incase of a suspected community transmission.

Soliciting kind cooperation from all those concerned.
