CORRIGENDUM

All interested bidders are requested to note the changes in the tender document for the Supply and Installation of Distance Measuring Equipment (DME) for Paro International Airport published on the DoAT and MoIT website on September 2, 2024. The Annexure I, page no. 111 of the tender document under point no. 7 which stated that **“All expenditures and arrangements for travel (including airfare, transportation, visa fees, and visa processing fees) to the original manufacturing/principal company of the equipment for both factory training and FAT shall be the responsibility of the bidder. The Daily Subsistence Allowance (DSA) provided by the bidder shall comply with the rates approved by the Royal Government of Bhutan (RGoB) for Ex-Country travel of civil servants”** is changed to **“All expenditures and arrangements for travel (including airfare, transportation, visa fees, and visa processing fees) to the original manufacturing/principal company of the equipment for the maintenance and operation training shall be the responsibility of the bidder. The Daily Subsistence Allowance (DSA) provided by the bidder shall comply with the rates approved by the Royal Government of Bhutan (RGoB) for Ex-Country travel of civil servants.”**

Kindly note the change and accordingly the tender document has been modified & uploaded for the download.
